May 13th, 2021 | 5:00 PM | Live Zoom Presentation

Want some new driver education lessons to add to your curriculum? Thinking about entering the world of social media? If so, you should sign up for the third session of the Arrive Alive Professional Development Series.

Session #3 will feature Jessica Brantley, who will be sharing an activity using Padlet. Participants will receive a detailed tutorial on how to use Padlet in the classroom. This session will include all the tools you will need to start tweeting from Jason Runk. We will also be putting our new skills into action by having a mini Twitter chat with the Choose Your Vibe - Arrive Alive! campaign Twitter account.
